

ITT FREE TICKET DISTRIBUTION POLICIES

Option 1 Limited number of tickets available

Base wide e-mail sent out to 55th Wing, AFWA, and STRATCOM informing active duty personnel interested in going to enter e-mail address on web-site listed.

Lottery system will be used to distribute the tickets. Winners will be notified via e-mail, tickets can then be picked up at their convenience. 2 tickets per lottery winner (active duty verification required with ID card).

Option 2 Distribution through First Sergeants

Distribute tickets to First Sergeants with ticket disbursement numbers proportionate to the number of active duty assigned to their units. First Sergeants pick up the tickets from ITT distributing in sets of 2 per active duty personnel.

Option 3 Large number of tickets available

Send out a base wide e-mail through Marketing to AFWA, STRATCOM and 55th Wing personnel informing all of event and date/time to pick up tickets at ITT. Distribute tickets giving active duty military priority for half of the time available before the event (i.e., if tickets are available for 4 days, military will have priority on the first 2 days before tickets were made available to other ID card holders). Limit of 2 tickets per ID card holder. Distribution would be at ITT on a first come-first served basis with ID checks to validate status.

Note: In some instances, such as family events, we reserve the right to give out 4 tickets per person to accommodate larger families.
